## ***Industrial Fire Protection Achieves ISO 9001:2008 Quality Recognition***

Contact: Monika Palmore – 800.225.0582, [monika@greasebusters.com](mailto:monika@greasebusters.com)

**Rockville, Maryland (July, 2015)** – Industrial Fire Protection, a premier fire protection and suppression company servicing Maryland, Virginia and District of Columbia, has been awarded the prestigious ISO 9001:2008 quality registration certificate. This achievement expressly recognizes the company's quality-focused cleaning and training methods.

ISO 9001 is an internationally recognized standard for quality management systems. Industrial Fire Protection has adopted this standard of management practices, policies and procedures throughout their nationwide network of offices.

Industrial Fire Protection and their partner company The GreaseBusters International, have had a longstanding commitment to quality, safety and customer satisfaction for over 45 years.

### **About Industrial Fire Suppression & Protection**

Industrial Fire Protection is a second generation fire protection services company providing fire extinguisher and suppression system services, new unit installation, maintenance and repair of existing systems and emergency recharging.

### **About The GreaseBusters International**

GreaseBusters is the leading international kitchen hood cleaning and fire protection company! Celebrating their 45th year servicing restaurants, hotels, federal and local government, and commercial facilities across the U.S, Caribbean and Asia.

### **GreaseBusters Owner/Operator Opportunities**

GreaseBusters International is expanding locations throughout the Midwestern region of the U.S. We are looking for qualified owner/operators. If you are interested please contact Joe Palmore [joe@greasebusters.com](mailto:joe@greasebusters.com) or 800-225-0582.
